

SUPPLY CHAIN STANDARDIZATION

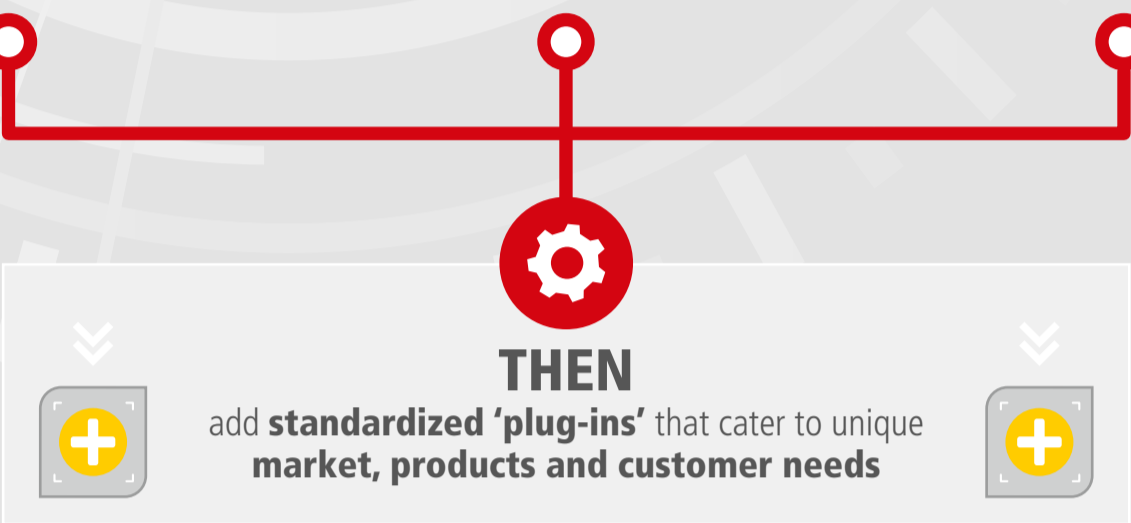

HOW DO YOU COMPARE?

A new kind of supply chain is emerging

Termed "plug-and-play," the idea is to **simplify** highly **complex "one-off" supply chain networks** and operations that have evolved over time

Create a base, standardized supply chain

IS YOUR COMPANY PURSUING THIS STRATEGY?

If so, how do you **compare with supply chain leaders** in this area?

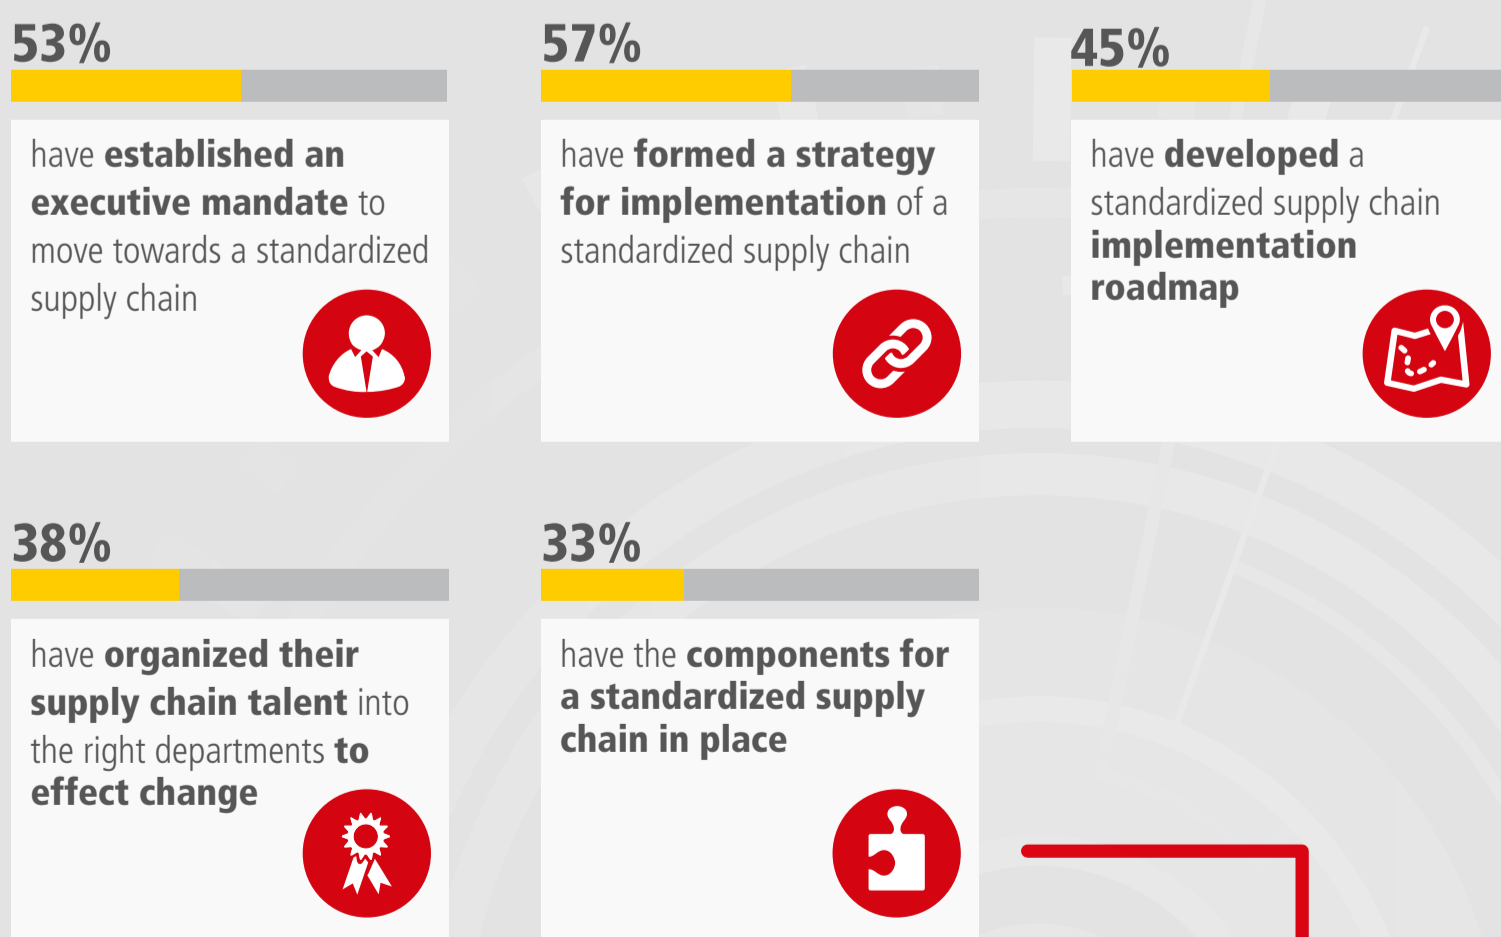

DHL SUPPLY CHAIN SURVEYED 350 GLOBAL SUPPLY CHAIN EXECUTIVES

≡ HERE ARE THE RESULTS ≡

Where are you now?

What steps have you taken toward standardization?

How do you compare?
