

DOMESTIC SMARTMAIL PARCEL

Your customers demand fast delivery with full visibility – all while mitigating their shipping costs. Meet their expectations with DHL SmartMail Parcel.

Rely on the power of our nationwide network.

Whether it's apparel, consumer electronics accessories, product samples or any other qualified item under one pound, DHL eCommerce Solutions ensures that parcels reach your customers via DHL SmartMail Parcel™.

A solution for all your needs.

DHL eCommerce Solutions has multiple service levels to meet your every business need. DHL SmartMail Parcel Expedited Max boasts the fastest and most reliable service in our portfolio.

DELIVERY TIMES

Expedited Max: 2/3 Transit Days

Expedited: 2-5 Average Transit Days

Ground: 3-8 Average Transit Days

As DHL eCommerce Solutions' premium parcel service, Expedited Max is the ideal fit for customers who are looking for a fast and predictable shipping option at a cost-effective price.

KEY FEATURES

- Expedited Max shipments include Shipment Value Protection up to 100 USD
- 100 USD Limitation of Liability for Expedited and Ground Shipment
- Reduced shipping cost
- Security and accountability
- Full tracking visibility via Customer Web Portal
- No delivery area or residential surcharge
- Flexible pick up times
- Convenient electronic invoicing
- Detail and summary billing available
- ZIP Code validation
- Estimated delivery date
- Saturday delivery (free of charge)

Through our Workshare partnership with the U.S. Postal Service, we offer a full-service shipping solution with a quality controlled process to move your packages with precision. After picking up your parcels, we sort and process them at one of our nationwide distribution centers, transfer them to the destination postal facility and insert them deep into the postal stream. Our professional expertise, coupled with this efficient process, provides customers with superior transit times, reliability and trackability.

ENHANCED SERVICES

- Address management
- Selective routing and delivery
- Free web-based tracking and piece-level visibility
- Delivery performance reporting and management
- Centralized reporting via the Customer Web Portal
- Email status updates
- Service disruption alerts
- Signature confirmation available for a fee
